

# WELWYN VS WINSLOW

7:45PM KICK OFF | MON 16 MAR 2026

SPARTAN SOUTH MIDLANDS PREMIER DIVISION

# WORDS FROM OUR FOUNDER

## TAWHID JUNEJA

First and foremost, I want to thank every single one of you who has supported AFC Welwyn from day one. Your passion, belief, and loyalty have been the driving force behind everything we've achieved so far.

In just two seasons, we've created history together – winning the Division Two League and League Cup in 2023/24, followed by the Division One League title in 2024/25. Those milestones belong to every player, member of staff, volunteer, and most importantly, you our supporters. When Richard James and I founded the club on 28th March 2023, our vision was simple: build something special for the community, rooted in the spirit of grassroots football and shaped by our experience in non-league. Thanks to the incredible work happening behind the scenes and strong leadership on the pitch, that vision is becoming reality faster than we ever imagined. As we move into this next chapter, we're delighted to welcome our new First Team Manager, Scot Patmore, whose ambition, character, and drive perfectly match the direction this football club is heading.

We have also taken a major step forward by becoming an official Fans Owned Club (CIC). That means AFC Welwyn truly belongs to the community with every penny reinvested back into the club and the people around it. Our mission is about more than football; it's about building a lasting legacy for Welwyn.

And we won't shy away from our ambition: seven promotions in twelve years, with our sights set on reaching the Football League by 2034. Ambitious? Of course. But ambition is what fuels progress.

Beyond the first team, the club continues to grow stronger each season. We now proudly run a Development Team, Women's Team, Under-23s side, and two Youth Teams – creating opportunities for players of all ages and backgrounds to develop and represent AFC Welwyn. These sides are the backbone of our future and the heart of our community vision.

Finally, thank you for standing with us – in the ground and online. Be sure to scan the QR code in this programme to follow us on social media and help us continue showcasing our players, our journey, and the spirit of non-league football.

Together, we keep building!

# MANAGER'S WORDS

---

Tonight I would like to welcome the players, officials and supporters of Winslow FC. It's another Monday night fixture for us following a tough and demanding game on Saturday, and we know we are up against one of the favourites to take the title this season.

Winslow are everything that is good about non-league football. They have built a strong group of players who continue to perform at a very high level despite the challenges that come with budgets at this level. Credit has to go to everyone involved at their club for consistently producing a team that competes at the top end of the table year after year. Ironically they currently sit just two points behind Haringey with three games in hand, and two of those games are against us as we haven't yet faced them this season.

That just shows the level of challenge we have in front of us tonight. From our side, Saturday was a very pleasing result for us with a hard-earned 2-1 win against a very impressive young Arlesey side. They caused us plenty of problems with their energy and quality, but the lads showed great character to get the job done. Goals from Reece and our skipper Johnny Wilson proved the difference and it was good to see us show the resilience needed to see the game through and take all three points.

The positive for us going into tonight is that we should have a full squad available again which always gives the management team more options. I'm even considering tinkering slightly with the shape and trying a couple of things, although the players deserve credit for the performance and result on Saturday. As always we will approach the game with respect for the opposition but also with belief in what we are building here.

The group continues to grow and develop every week and the attitude of the players has been excellent. They want to improve, they want to compete, and they want to represent this club in the right way. That's all you can ask for as a manager.

Finally, I'd like to thank our supporters for the backing they continue to give the team. Your support really does make a difference to the players and hopefully we can give you another strong performance to enjoy tonight.

I hope our supporters enjoy tonight's match and, as always, thank you for your continued backing.

Scott

# OUR OPPONENTS

## WINSLOW UNITED FC

Winslow United Football Club was founded in 1891 in the Buckinghamshire market town of Winslow. Originally known as Winslow Town, the club was formed following a meeting at the town's Parish Rooms in Market Square and quickly became a key part of the local sporting community. Their first recorded match took place in October 1891 when they defeated Granborough 3-1.

In the club's early years, football played an important role within the town, with matches often used to raise funds for local causes. By the mid-1890s the club adopted the name Winslow United after merging with a local junior side, Winslow Rovers. They became involved in regional competitions including the Buckingham & District League and later the North Bucks & District League, establishing themselves as a respected side in local football. After several decades competing in county and regional leagues, the club joined the South Midlands League in 1968, marking their progression into a stronger level of non-league football. The 1970s proved to be one of the most successful periods in the club's history. Winslow United won the South Midlands League Division One title in 1974-75, earning promotion to the Premier Division, where they finished runners-up the following season. The club continued to compete in the South Midlands system for many years, recording strong finishes and cup runs. One notable highlight came in 1983-84, when the club reached the second round of the FA Vase, one of their best performances in national competition. Like many non-league clubs, Winslow experienced periods of rebuilding during the 1990s and early 2000s, including relegations and restructuring within the league pyramid. Despite these challenges, the club maintained a strong community presence and continued to develop local talent through its youth structure.

In more recent years Winslow United have enjoyed renewed success. They won the Spartan South Midlands League Division One play-offs in 2023-24, earning promotion back to the Premier Division at Step 5 of the National League System.

Winslow United play their home matches at Elmfields Gate, known locally as "The Gate", which has a capacity of around 2,000 spectators. The club is nicknamed "The Ploughmen" and continues to be an important part of football in Buckinghamshire, with strong youth, junior and community programmes supporting the first team.

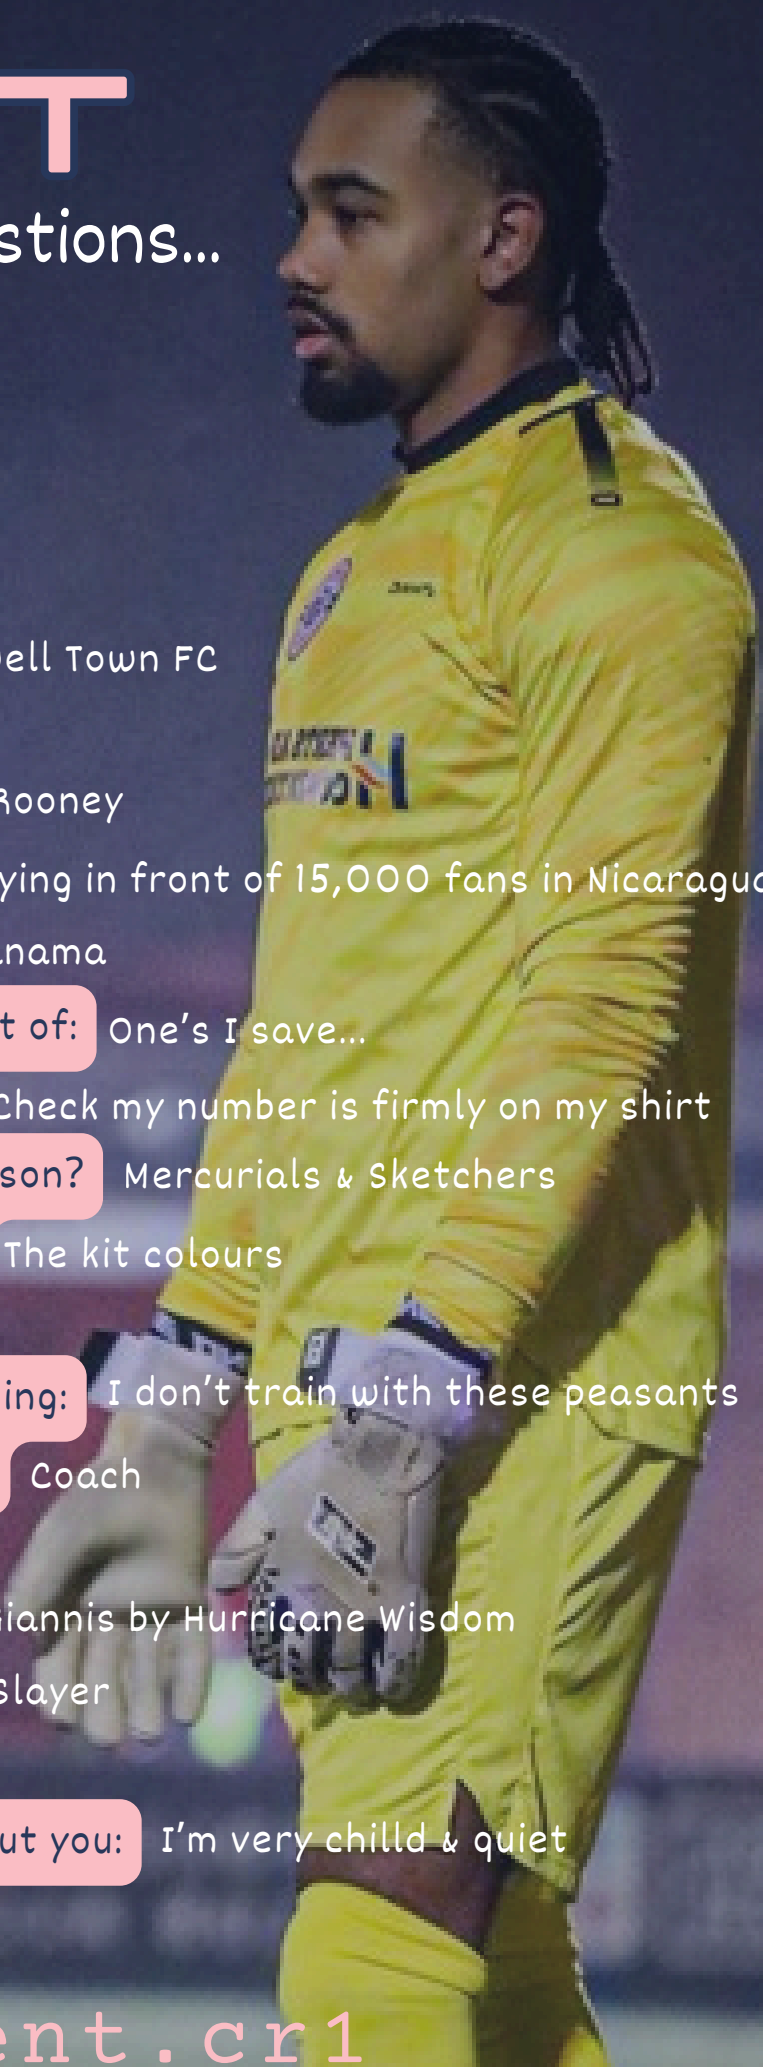

Today, Winslow United remain a competitive and ambitious non-league club, proud of their long history and deep connection with the local community.

# THE HEART OF AFC WELWYN

On Welwyn's pitch where dreams are made,  
Through sunlit games and evenings' shade,  
Our club stands proud, a home so true,  
Made whole by the work of me and you.

Tawhid and Lisa — the spark, the start,  
With vision, courage, and so much heart.  
They built this dream from the ground anew,  
Bringing this family together too.

Through tireless work, both night and day,  
They've kept the club strong in every way,  
Uniting people from far and near,  
To build something special we all hold dear.

And then, the players — the beating core,  
Who give their all and still find more.  
Through sweat, through knocks,  
through rain and sun,  
They've battled hard till each game's won.  
Their graft has brought us shining days,  
With back-to-back promotions to praise.  
From first whistle to final cheer,  
They've made this club's ambitions clear.

Chairman Dave Wickham, steady and wise,  
Keeps our sights fixed on the prize.

Behind the lens and kit so neat,  
Carli Pirie's touch can't be beat —  
Photographer, designer, and kit in hand,  
She brings the look that makes us stand.  
And always ready with a creative spark,  
Madi Winter leaves her mark..

Following trends, knowing what's hot,  
She finds the content others have not.  
Pushing our socials far and wide,  
She's helped us go viral with Welwyn pride.

At the heart of our media's might,  
James Kilroy works late into the night.  
Filming, livestreaming, telling our story,  
The backbone behind so much glory.  
With Leon and Kyran, his trusty right hands,  
They capture the magic that football commands.  
From first whistle to final roar,  
Their dedication lifts us more and more.

From commentary boxes high above,  
Dave Wells and Michael McDonough call with love,  
Their voices painting each attack,  
Bringing the crowd when we're home or back.

By the burger van with warmth and smiles,  
Sue, Danielle, Niamh & G go the extra miles.  
On the turnstiles, Liv greets all with cheer,  
The first friendly face you'll see here.

Joe and Doug Pirie keep matchdays right,  
Secretary work both day and night.  
On the touchline, Brett Donnelly leads,  
Driving the team with the will to succeed.

Ryan Jefferies, calm under strain,  
Tends to each knock, each twist, each pain.  
Nath, Matt, and Cal — coaches who teach,  
Pushing the limits their players can reach.

And in the stands, hearts loud and strong,  
Grandad Sean, Adam & McClelland's Mob sing along,  
Number one fans through loss and win,  
Their passion's the fire that burns within.

So here's to Welwyn — our pride, our song,  
A family together where all belong,  
For every cheer, each hand, each run,  
At AFC Welwyn, we all play as one.

# TODAY'S SQUADS
